SUMMARY

Detail-oriented Presentation & Publishing Specialist with over 2 years of experience supporting Investment Banking deliverables, business operations, and client communication. Experienced in formatting and publishing pitchbooks and client-ready materials while adhering to house style and branding standards. Strong ability to manage multiple deadlines and deliver high-quality output in fast-paced environments.

WORK EXPERIENCE

Associate - DTP

Aug 2025 – Present

- Ensure strict version control and document standardization in line with internal publishing and compliance processes
- Maintain high attention to detail while working independently under tight deadlines and changing priorities
- Follow established formatting procedures to deliver consistent, high-quality, client-ready output
- Contribute to continuous improvement of publishing workflows through feedback and best-practice adoption

Analyst – Business Operations , iOPEX Technologies

Sep 2024– Dec 2024

- Managed structured documents for project reporting and internal communication.
- Maintained Excel-based trackers for team tasks, approvals, and deliverables.
- Supported onboarding activities and created reference documentation for internal knowledge sharing.

Business Presentation Specialist, McKinsey & Company

Nov 2022 – Jul 2024

- Designed and formatted high-volume client decks, training content, and onboarding materials using PowerPoint and Word.
 - Collaborated with international consultants to ensure brand consistency and timely delivery of visual materials.
 - Handled slide revisions, version control, and file archiving processes supporting global training programs.
-

EDUCATION

BSc in Computer Science

Nilgiri College of Arts & Science, Bharathiar University

- Completed with practical exposure to software development, OOP, and database systems.

Student Project: Interactive Learning Chat App (2022)

- Developed a simple web-based chat application to facilitate real-time interaction between students and tutors.
- Implemented basic front-end using HTML, CSS, and JavaScript.
- Focused on clean UI design, message input handling, and interactive layout structuring.
- Gained hands-on experience in responsive layout and user-friendly interface design.
